

Primary Care Childhood Asthma Preceptorship Program

Course Description:

Presented by **Children's Environmental Health Center of the Hudson Valley** (www.childrenewenvironment.org). The purpose of the program is to give Primary Care Providers (MD, NP and PA) the opportunity to learn under the observation and guidance of experienced pediatric pulmonologists.

Program Objectives:

- Accurately diagnose asthma in children
- Manage asthma in children in accordance with the NHLBI Guidelines for the Diagnosis and Management of Asthma
- Accurately utilize spirometry to diagnose and manage asthma
- Educate caregivers on the role of environment in the management of asthma
