HEALTHCARE INNOVATION

Our Community Needs Assessment (CNA) takes a look at social determinants of health; how income, employment, housing and other social and economic factors impact health and wellness. Having a clear understanding of social determinants of health in communities will influence how we coordinate local health care and provide services and support in our DSRIP projects.

The following pages cover data about some of the social determinants of health specific to the 10801 zip code in the town of New Rochelle, Westchester county New York and includes:

- Total population
- Types of household
- Nativity
- Education and income level
- Employment and insurance status
- Types of housing
- Modes of transportation
- Poverty and disability
- Top health issues
